

GO!

With all the changes taking place at CLB, we felt it to be important that you, our customers were kept informed of our plans and developments.

CLB "GO !" brings you news and information from behind the scene, from our technical experts and of course from our professional riders. It also provides a platform for observation and criticism from CLB customers, old and new, retailers and wholesalers, manufacturers and consumers.

We look forward to hearing from you !

NEW IDEAS

The concept of "Braking Systems"

Pierre DUBRUC, Commercial Manager at ANGENIEUX CLB explains why it is so important.
