

Mountain Bike FRONT FORK ORDER SYSTEM

The Tange Order System for Mountain Bike Forks

Tange is producing an ever-expanding line of complete forks for the mountain bike. This means you can finish off your MTB frame from a wide variety of Tange fork styles with your choice of fork ends, blade end shape, and stem lengths. Forks can be delivered chrome-plated or in a natural raw finish ready for painting. Forks with investment cast fork ends are also available. There's a Tange mountain bike fork that will perfectly match your budget and frame of mind.
